What does your favorite adult beverage look like? Really close up, really really close up?

BevShots photographs beers, wines, liquors, and cocktails with a microscope and makes prints.

The result is a mind bending piece of art photography that can be customized and color shifted to bring an edgy piece of art to any room.

BevShots are the perfect splurge for the redecorating project or as a gift for someone who has everything. Do they have a BevShot, a microscopic photograph of their favorite American lager beer, or tequila, or dry martini?

The BevShots website is a one stop shop for different adult beverage art where the buyer can customize colors and frames to fit any decor.

These amazing pieces of art photography start at just \$49.99

BevShots is from the fertile mind of Michael Davidson. He needed fresh ways to fund his Florida State University lab where he does *real* work. He put his favorite cocktails and beverages under the microscope and [Molecular Expressions™ Cocktail Collection](#) of photo art was born.
